of play. When the third set started the gentlo spring showers commenced some heavy work which resulted in a concerted movement toward the grandstand. Here the spectators watched the court degenerate first into a mud pile then to a marsh, and finally into a glorious flowing river with tributaries and other adjuncts necessary to rivers.

ORIGIN OF BLACKGUARD. ORIGIN OF BLACKGUARD.

In the olden times there were attached to all great houses a number of dirty dependents, whose office it was to attend upon the more menial services of the establishment. Of course the most degraded were selected to carry coal to the kitchen. They were mixed up with the pots and kettles, and in derision were called the "Black Guards." Naturally, the speech and action of these unfortunates were anything but impaculate, and their name thus came to be applied to their like generally.—New Work American.

The third set was unplayed because of rain, and will be concluded this afternoon at 3 o'clock. It stood 8—7 in favor of Doyle when hostilities were called off. In spite of the fact that Johnson did not win a set, all of the games were closely contested, and were fought by both men to the last ditch. To his serve is due Doyle's success. Four times he shot the ball clear of the surrounding.

MONEY At 3 Per Cent ON YOUR PURNITURE OR PIANOS? ON YOUR PURNITURE OR PIAMOS?

No charge for drawing up papers. Nothing recorded or published. Absolutely no publicity. No delays. We never lose a customer, because they are all satisfied to deal where they can get the lowest rates and most liberal terms. Remember, this is the rate allowed pawnbrokers by law. The pawnbroker holds the security. We do not disturb it, but allow you to keep it in your possession. You have both money and security. Do not be fooled by the coarting ads, of other companies. They claim lowest rates, but we can offer you rates and terms that will show you how excribitant their charges are.
